DIVISION OF PULMONOLOGY

JOHN R. OISHEI
Children's Hospital

Jacobs School of Medicine
and Biomedical Sciences
University at Buffalo

ABOUT US

The Division of Pulmonology is part of UBMD Pediatrics and is affiliated with the Jacobs School of Medicine and Biomedical Sciences at the University at Buffalo.

Our mission at UBMD Pediatrics is to be the premier care provider for infants, children, adolescents, and young adults in Western New York and beyond by:

- Delivering excellent family-centered medical care with compassion and advocacy
- Pursuing innovation & research that enable the treatment and prevention of pediatric diseases
- Teaching health care professionals & students

CARE TEAM

Your Pulmonology care team will include attending physicians and nurse practitioners along with the clinical staff (i.e. nurses, medical assistants).

SPECIALIZED CARE

We provide exemplary, family-centered care to our patients that promotes wellness and quality of life while also participating in research to improve care and treatment. We have expertise in evaluation and management of pediatric lung diseases.

**TO SCHEDULE AN APPOINTMENT,
PLEASE CALL 716.323.0110.**

WE TREAT

- Asthma
- Bronchopulmonary dysplasia
- Chronic cough
- Cystic fibrosis
- Dyspnea
- Impaired cough
- Interstitial lung disease
- Recurrent pneumonia
- Respiratory muscle weakness from neuromuscular weakness
- Restrictive lung disease
- Tachypnea
- Ventilator dependence
- Wheezing

ASSISTED BREATHING CENTER

We evaluate and manage children who need mechanical ventilation, BiPAP for neuromuscular weakness, cough-assist devices for weak coughs, and other therapies to improve airway clearance.

CYSTIC FIBROSIS CENTER

Certified by the national Cystic Fibrosis Foundation as a care, teaching and research center, the CF Center of Western New York includes both pediatric and adult programs for patients with non-acute respiratory diseases (care is provided to adults by internal medicine-certified specialists).
