ABOUT US

The Division of Infectious Diseases is part of UBMD Pediatrics and is affiliated with the Jacobs School of Medicine and Biomedical Sciences at the University at Buffalo.

Our mission at UBMD Pediatrics is to be the premier care provider for infants, children, adolescents, and young adults in Western New York and beyond by:

- Delivering excellent family-centered medical care with compassion and advocacy
- Pursuing innovation & research that enable the treatment and prevention of pediatric diseases
- Teaching health care professionals & students

CARE TEAM

Your Infectious Diseases care team will include physicians along with the clinical staff (i.e. nurses, medical assistants).

The American Board certified pediatric infectious diseases specialists are available to help manage the complete spectrum of infectious diseases common to children of all ages.

SPECIALIZED CARE

Our Division also works with Home Care Services through Kaleida Health to manage patients on home antibiotic therapy.

For more information, please call 716.630.8000.
