DIVISION OF NEPHROLOGY

ABOUT US

The Division of Nephrology is part of UBMD Pediatrics and is affiliated with the Jacobs School of Medicine and Biomedical Sciences at the University at Buffalo.

Our mission at UBMD Pediatrics is to be the premier care provider for infants, children, adolescents, and young adults in Western New York and beyond by:

- Delivering excellent family-centered medical care with compassion and advocacy
- Pursuing innovation & research that enable the treatment and prevention of pediatric diseases
- Teaching health care professionals & students

CARE TEAM

Your Nephrology care team will include both attending and fellow physicians along with the clinical staff (i.e. nurses, medical assistants).

SPECIALIZED CARE

A qualified and diverse staff provides comprehensive care to all infants, children and adolescents with kidney disease who live in Western New York and Northern Pennsylvania.

WE TREAT

- Acute and chronic glomerular diseases, such as IgA nephropathy, Hemolytic-Uremic Syndrome, Henoch-Sharleen Purpura, and Systemic Lupus Erythematosus
- Cystic disease of the kidney
- Continuous renal replacement therapies for critically ill children
- Disorders of fluid and electrolyte homeostasis
- End-stage renal disease care, including hemodialysis, peritoneal dialysis, home dialysis training, and work-up for coordination of renal transplant referrals
- Hematuria and/or proteinuria
- Hypertension
- Over dosages or intoxications requiring dialysis
- Renal tubular disease, such as renal tubular acidosis, Bartter syndrome, and nephrogenic diabetes insipidus
- Urinary tract infections, vesoureteral reflux, and other structural or congenital abnormalities of the urinary tract
- Urolithiasis

*Additionally, we have a multidisciplinary systemic lupus erythematosus clinic combined with the Division of Rheumatology for patients with lupus that have kidney involvement.

**TO SCHEDULE AN APPOINTMENT,
PLEASE CALL 716.323.0140.**
